

California Schools to Watch Dashboard Data for Award Year 2025

This document serves to address California-specific information.

California School Dashboard Data

To make the program relevant to California schools, we ask that you use Dashboard data for the national, common application where possible.

But for this state-specific support document, please:

- Go to the California School Dashboard (www.caschooldashboard.org)
- Locate the page for your school
- Click the "Generate PDF Report" button
- Select "All Reports for [School Name]"
- Select the most recent year available.
- Click the "Generate PDF" button
- Save the PD with the filename following this naming convention: Award year, state abbreviation, short school name, document. **Example:**
2025CAYourSchoolNameDashboard
- Upload the PDF according to the STW Instructions
