

The Time Has Come to Bring the Fastest Growing Sport in the World to your Campus

California League of Esports

Everything you need to run a successful esports team

Get our specially designed toolkit with soup-to-nuts guidance on how to:

- Form a team
- Run a team
- Provide academic and career opportunities to students in a high growth, high interest, high tech industry.

No prior Esports coaching experience necessary!

It's easier to onboard than you think:

The Soccer Team

- Coach
- Players
 - *Minimum required GPA*
 - *Obtained by schoolwide tryout*
- Equipment
- Seasonal Competition
- College Scholarships

A Comparison

Esports Team

- Coach
- Players
 - *Minimum required GPA*
 - *Obtained by schoolwide tryout*
- Equipment
- Seasonal Competition
- College Scholarships

Designed to be highly affordable, our complete toolkit includes:

- Academic pathways to computer literacy skills
- Health and gaming safety protocols
- A complete starter kit for rookie coaches as well as a deep toolbox for veteran coaches to help their teams compete at the highest levels
- College scholarship guidance and resources (yes, there are SCORES of college scholarships available!)
- Equity-based educational practices that foster diversity and inclusion for all races, genders and ethnicities

MOST SIGNIFICANTLY: GAMING CAN BE THE GATEWAY TO CODING

Every game being played in the esports universe was built with code. Mastery Coding will show you how to turn your gamers into coders.

Channel your students' passion for gaming into college and career opportunities!
